COOLFIRETRAINER.COM

RECOIL SYSTEM

Each CoolFire Recoil System consists of:

- A CoolFire barrel that replaces your gun's barrel during training,
- A recoil spring that replaces your gun's recoil spring,
- 2 slide release inserts for your gun's magazine to prevent slide lock,
- A charging adapter that is used to charge the CF barrel with CO2.
- A conversion adapter that allows the CF charging adapter to accept 90 gram pre-filled CO2 tanks.
- 2 Striker end tip replacements,

ACCESSORIES

Add 60-70 more trigger pulls with CoolFire Trainer's Extend-a-Shot Adapters. Or Shop other accessories such as CO2 tanks, infrared lasers, and much more.
